Infrastructure

Dear Chairman DeFazio and Ranking Member Graves:

I am requesting funding for the Construction of the Cherokee Area Transportation System Headquarters in surface transportation reauthorization legislation.

The project sponsor for this project is Cherokee County and the project is located at 1130 Bluffs Parkway Canton, Georgia 30114.

The funding is designated for construction of a new Cherokee Area Transportation System headquarters, which will assist in the foundation and expansion of transportation services.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: expanding the size of the headquarters to keep up with current demand and future expansion; providing additional capacity for increasing services and transportation routes; and providing adequate bus parking for Cherokee County's current and future fleet of busses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Barry Loudermilk
Member of Congress
