The Honorable James Clyburn  
Ranking Member  
Subcommittee on Transportation, Housing,  
and Urban Development, and Related Agencies  
Committee on Appropriations  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chairman Womack and Ranking Member Clyburn:

I am requesting funding for the Noonday Creek Trail Pedestrian Bridge improvements project in fiscal year 2026.

The funding would be used to support improvements for the Noonday Creek Trail Pedestrian Bridge by constructing a safe and efficient connection to cross major corridors. The existing connection creates a dangerous environment for pedestrians, cyclists, and vehicles. This new connection will allow for a safe, efficient connection along a major vehicle and freight corridor, U.S. 41. With US41 being a noted reliever for I-75 interstate conflicts, it is key to keep this alternate roadway flowing. The Pedestrian Bridge will help alleviate these traffic congestion concerns, as well as provide a safe means of navigating the area.

Thank you for your consideration of this request.

Sincerely

Barry Loudermilk  
Member of Congress
